WHO WE ARE

We are a powerhouse of innovators creating, developing, and deploying cutting-edge advanced analytics. Centered around innovation and collaboration, we pioneer disruptive technologies that push the limits of technology, finding solutions to enormous challenges.

WHAT WE DO

We redefine the impossible. We deal with massive disparate datasets that were never intended to be analyzed together. We bring clarity to our customers' most complex and challenging problems at the speed and scale required by the most intensive national security missions.

WHY WE DO IT

We passionately embrace the pivotal role we play for our customers, our communities, ourselves. It's more than a job, it's a mission.
